

## **SONIC® Drive-In sears in big flavor with the Jr. Garlic Butter Bacon Burger**

OKLAHOMA CITY (Sept. 27, 2019) – Today, [SONIC® Drive-In](#) announces a new super-savory burger – the Jr. Garlic Butter Bacon Burger – amped up with creamy garlic butter for an intensely rich garlic butter flavor. The Jr. Garlic Butter Bacon Burger is available for a limited time for only \$2.99\* including a side of SONIC’s famous golden brown Medium Tots.

“Butter is the ultimate secret sauce in the culinary world, elevating and enhancing our favorite dishes and making them taste that much better,” said Scott Uehlein, vice president of product innovation and development for SONIC. “Pair that simple yet beloved flavor with garlic, and you have yourself the burger of your dreams.”

This juicy burger gets its name from the creamy, rich garlic butter that is seared into a 100% pure beef patty, locking in all the savory juices. Topped with crispy bacon, American cheese, mayo, and grilled onions, the burger is stacked on a toasted bakery bun.

For those looking for even more flavor, the bigger Garlic Butter Bacon Burger has a quarter-pound of beef and is available for \$4.79\*.

The Garlic Butter Bacon Burgers are available now through Sunday, Nov. 3. With the SONIC app, guests can Order Ahead to be first in line, every time and pay with Apple Pay, Google Pay or their credit card. The mobile app is available for download at the Apple App Store and Google Play Store.

\*Tax not included. See menu for details. Weights are approximate and precooked. For a limited time only at participating SONIC® Drive-Ins.
